

Welcome to STA Training Group

STA Training Group was founded by former Marine Corps Scout Snipers who wanted to bring realistic and current sniper employment tactics and procedures to Military, Law Enforcement and Security contractors deploying around the world and here in the United States. We also offer basic, intermediate, and advanced precision rifle courses for vetted civilian enthusiasts who want to improve their shooting fundamentals.

All of our instructors are former Marine, Navy Seal, Army Special Operations, Law Enforcement, Specialized Medical Professionals, active duty Fire Fighters, or Security contract snipers who bring their own unique ideas and instruction through decades of deployments into specialized training courses.

COURSES

1 Day Precision Rifle Shooting Clinic

STA will come to your range and set up the MGM pneumatic target system along with other reactive steel targets and conduct a professional shooting seminar for agency snipers. STA Training Group will train the officers on the fundamentals of marksmanship and set up live fire courses of fire primarily from barricades and improvised shooting positions. This course will enhance the sniper's ability to access the situation and engage targets from more realistic positions other than prone. The pneumatic target system is a 15 ft. trailer with integrated gas/air compressor that operates 10, 8" steel targets via wireless remote. Cost: \$100 per officer, minimum of 6 officers to schedule, maximum of 10. Ammunition is not included.

2.5 Day Alpha Precision Rifle Fighting Course

This course is designed to enhance your shooting abilities out to 300 meters with a precision rifle from unsupported or improvised shooting positions. Most shooting will be done kneeling or standing, no prone shooting in this course except for zero. We will be doing an optics mounting demonstration and optics theory class. Armor piercing ammunition is not authorized (to include SS109 62. Grain Green Tip).

This course is open to Vetted civilians, LE and military. This course focuses on fundamentals of marksmanship from unsupported positions. Alpha Class – \$425

5 Day – Precision Rifle Fighting Course

This course is designed to familiarize the students with the most current precision rifle techniques and employment while focusing strong on the basic fundamentals of marksmanship. The skill level of these techniques and fundamentals are put into a series of very high standard courses of fire. This course will take a student with no precision rifle experience and bring them to a high level and understanding of marksmanship, observation, range estimation and improvised shooting positions from instructors with decades of operational and more importantly INSTRUCTIONAL experience. The Precision Rifle Fighter course will challenge any shooter no matter level / experience. Our facility offers state of the art steel target systems for both day and night shooting exercises out to 1000 + yards. The facility has multiple buildings, a mock Afghan village, micro terrain and rolling mountains that offer unpredictable winds ideal for precision rifle employment. 5 Day Precision Rifle Fighting – \$1200
